## 1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

Product: PRIMARY AMINO NITROGEN

Reference: DP-11123

Component: R2

Intended use: food analysis

Recommended restrictions on use: for professional users only

Identification of the company: DNAPhone S.r.l., Viale Mentana 150, 43121 Parma (Italy)

Tel: +39 0521 062397

Mail: [info@dnaphone.it](mailto:info@dnaphone.it)

In Emergencies: poison control center Niguarda Great Metropolitan Hospital, Milano (Italy), +39 02 66101029, or the analogous Centre near your Reference Hospital

## 2. HAZARDS IDENTIFICATION

Classification: Skin corrosion/irritation, Category 2 H315  
Serious eye damage/eye irritation, Category H319 2  
Skin sensitisation, Category 1 H317  
Hazardous to the aquatic environment - H412  
Chronic Hazard, Category 3

Pictogram:

GHS07

Signal word: danger

Hazardous ingredients: phthalaldehyde, o-Phthalaldehyde, OPA, 1,2-Benzenedicarboxaldehyde

Hazard statements: H315 - Causes skin irritation.  
H317 - May cause an allergic skin reaction.  
H319 - Causes serious eye irritation  
H412 - Harmful to aquatic life with long lasting effects.

Precautionary statements: P261 - Avoid breathing mist, spray, vapours.  
P264 - Wash hands thoroughly after handling.  
P272 - Contaminated work clothing should not be allowed out of the workplace.  
P273 - Avoid release to the environment.  
P280 - Wear eye protection, protective clothing, protective gloves  
P302+P352 - IF ON SKIN: Wash with plenty of water.

### 3. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical characterization: O-phthaldialdehyde 0.05% w/v

### 4. FIRST AID MEASURES

In case of inhalation: remove to fresh air. In case of further discomfort, seek medical attention.

In case of skin contact: flush with large quantity of cold water, remove contaminated clothing.

In case of contact with eyes: flush with large quantity of cold water while separating the eyelids with fingers for at least 10 min. If irritations occur seek medical advice.

If accidentally swallowed: drink a large quantity of cold water and seek medical attention.

### 5. FIRE-FIGHTING MEASURES

Extinguishing media: no restriction.

Thermal decomposition: gases which are damaging to health do not form in dangerous quantities.

## 6. ACCIDENTAL RELEASE MEASURES

Procedure to be followed on spillage: use sufficient amount of water to dilute spilled product and then absorb.

Absorbent material: no restriction.

## 7. HANDLING AND STORAGE

Handling: no special requirements.

Storage: dry, at +2 °C to +8 °C. Contamination is to be avoided. Do not freeze the reagent.

Do not store together with: no restriction.

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Application of minimum protective standards is necessary. Reagents contain sodium azide and phthalaldehyde. These are poisonous chemical. When handling this product, we recommended wearing protective gloves and glasses. It is important to avoid direct contact with skin. Rubbing of the face or eyes should be avoided when wearing protective gloves that have been in contact with the reagent. Wash hands after finishing work. Avoid swallowing and do not store together with food.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

Form, color and pH: dropper, colorless liquid, pH=7;

## 10. STABILITY AND REACTIVITY

Hazardous decomposition products: None known.

Avoidable conditions & substances: None known.

## 11. TOXICOLOGICAL INFORMATION

Quantitative data concerning the toxicity of the product are not available.

Dangerous properties cannot be ruled out. Regardless, risks are not to be expected if the product is manipulated by trained and authorized personnel and if usual precaution measures when handling chemicals are observed.

## 12. ECOLOGICAL INFORMATION

Ecotoxicological effects: Harmful to aquatic life with long lasting effects. Harmful to aquatic life.

Biological degradability: not known.

Biological effects: contains Sodium azide <0,1 %w/v, Azides are toxic for water organisms.

Water hazard: class 1 according to German Federal regulations.

## 13. DISPOSAL CONSIDERATIONS

Waste disposal: there are no uniform regulations for the disposal of chemicals. The disposal is regulated through corresponding regional laws and regulations. We recommend that you contact either the authorities in charge or approved waste disposal companies, which will advise you on how to dispose the waste.

Disposal of empty packaging: dispose according to the regulations of the public authorities, clean them beforehand.

## 14. TRANSPORT INFORMATION

This product is not subject to current regulations for transportation of hazardous goods.

## 15. REGULATORY INFORMATION

This safety datasheet complies with the requirements of Regulation UE 453/2010.

## 16. OTHER INFORMATION

This Material Safety Data Sheet contains information believed to be accurate and complete at the date of preparation. The statements contained herein are offered for informational purposes only and should be used only as a guide. DNAPhone S.r.l. believes them to be accurate but does not purport to be all-inclusive. The above-stated product is intended for use only by persons having the necessary technical skills and facilities for handling the product at their discretion and risk. Since conditions and manner of use are outside our control, we (DNAPhone srl) make no warranty of merchantability or any such warranty, express or implied with respect to information. Furthermore we assume no liability resulting from the above product or its use. Users should make their own investigations to determine suitability of information and product for their particular purposes. Accordingly, DNAPhone S.r.l. will not be responsible for damages resulting from use of or reliance upon this information.
