Barrique	225/228L	2	1550	810	900	22
Barrique - Puncheon Single	500L	1	1550	810	1100	
Universal	225/228/300L*	2	1610	810	950	22
Universal - Puncheon/Demi Muid Single	500L/600L	1	1610	810	1100/1250	
Hogshead Barrique	225L & 300L	2	1610	875	950	24
Hogshead Barrique - Puncheon/Demi Muid Single	500L/600L	1	1610	875	1250	
Combo	225/228/300L	2	1740	810	950	
Combo - Puncheon/Demi Muid Single	500L/600L	1	1740	810	1100/1250	22
Puncheon	500L	2	1980	950	1100	13
Demi Muid	600L	2	2230	880	1250	12

* Small Bordeaux 300L only.

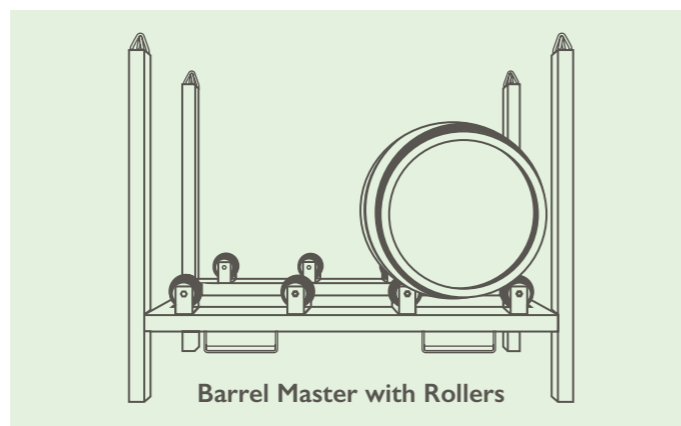

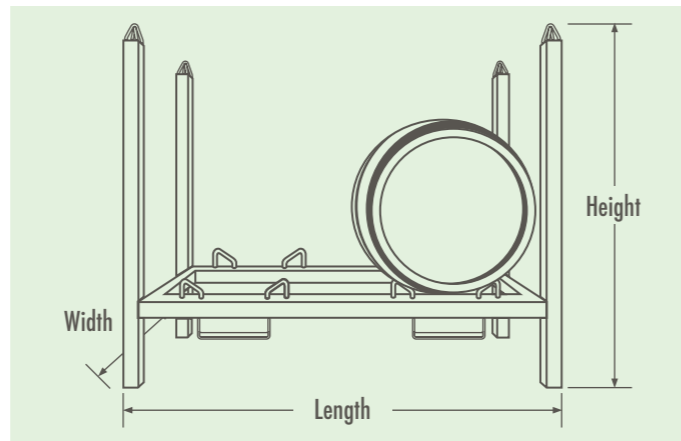

Rollers for Barrel Rotation

Manual Rotation

- Occasional 360° rotation.
- Partial rotation.
- Empty barrel rotation.

Wheel Operated Rotation

- Frequent 360° rotation.
- Drive axel system requiring very little effort.
- Additional cross bars allow easy forklifting from both ends.

Additional Options

Tyne Guide Channels

For safety and ease of working, especially useful if you have short forklift tynes.

Hot Dip Galvanised

Galvanised after manufacture (recommended).

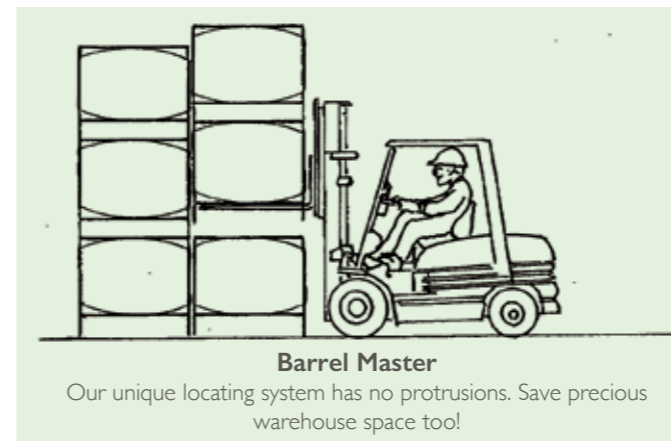

Pre-Galvanised

Fabricated from pre-galvanised steel, with paint touch-up of welds.

Unique Locating System

- No protruding feet to catch on staff or machinery.
- Saves warehouse space.
- Excellent visibility for checking proper engagement.
- Positive locating points.
- No special skills required for stacking.

Greater Safety

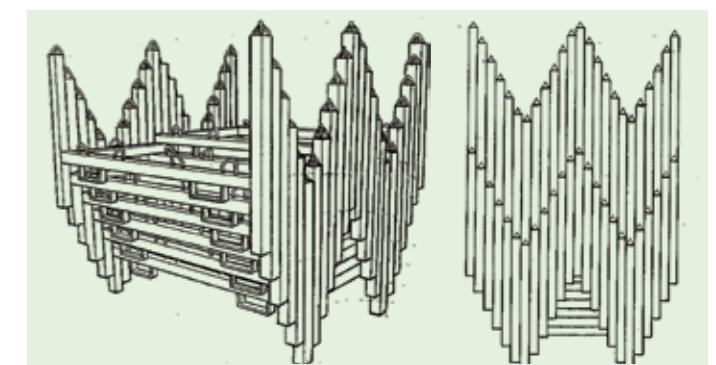

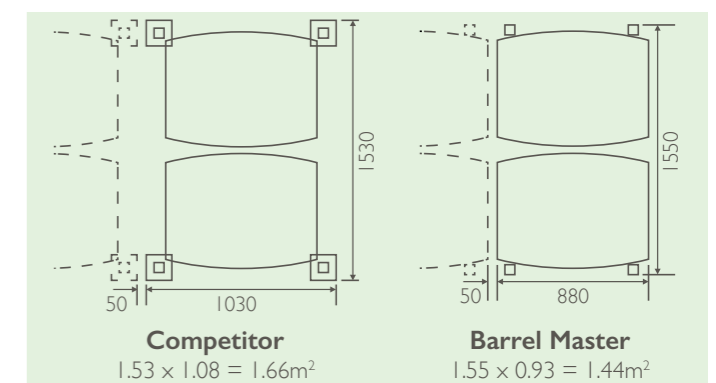

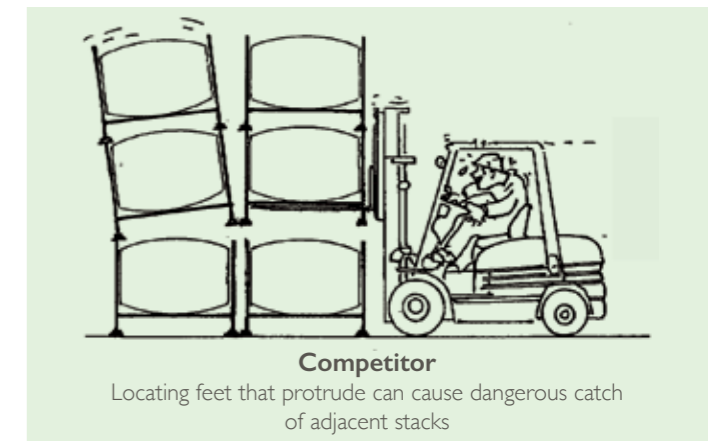

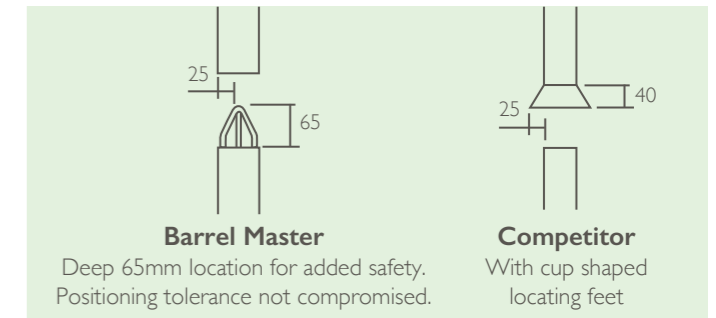

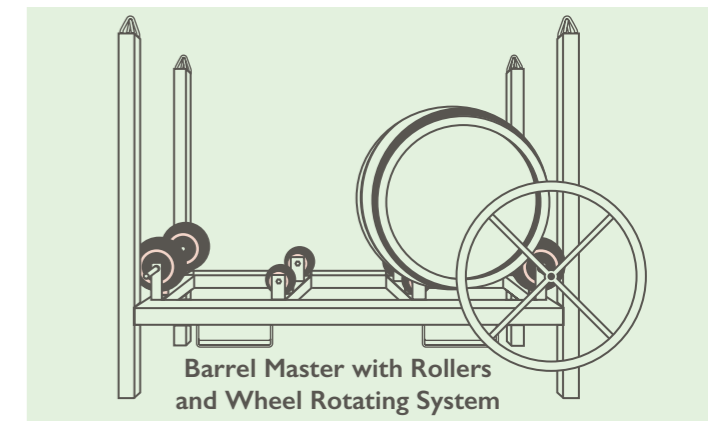

Space Saving

- Rack frame is within barrel perimeter.
- No extra floor space lost.
- Saves 14.75% floor space (based on 228L barriques with 50mm safety space between stacks).
- Also gives mores space between barrels top and bottom for topping, sampling and pumping.
- Higher stacking, with stability.

Freight Efficiency

- Racks stack into tight bundles for best freight rates.
- Saves winery floor space when not in use and upon delivery.
